

ANTHONY ROAD VIGNOLES FINGER LAKES 2015

Maybe it's not the most subtle medium-sweet white from the FLX, but this is about as sexy as that category gets with an outrageous array of exotic-fruit aromas (ripe pineapple is the strongest of them) and a very impressive interplay of electric acidity and super-succulent fruit on the palate. Dive in or stand back! Will be less brain-rattling after a couple more years in the bottle.
