2020

The 2020 growing season started out cool and dry which resulted in late bud break and flower bloom. The late Spring and Summer was warm and dry with cool nights. This diurnal shift resulted in very ripe fruit with fresh acidity. As harvest approached, the vines were free of disease pressure and the grapes were clean, ripe and fresh with the resulting wines showing power and balance.

Harvest dates
September 25, 2020

Vineyard:.
Martini Family Vineyard
Nutt Road Vineyard, PG2 Block

Winemaking Notes: The fruit was machine harvested then pressed into stainless steel tanks for fermentation. The juice settled in chilled tank for 3 days before it was racked off the solids and fermented. The juice was fermented at a temperature of 15°C for about 1.5 months before chilling down to arrest fermentation.

Bottling date: May 25, 2021

Tasting Notes:
Aromas and flavors of pear, melon, apple and papaya.
