2021

The 2021 growing season started with a mild Winter that turned into a warm Spring. Bud break and bloom were earlier than the previous year by at least two weeks. Early Summer was warm and dry with conditions changing to warm and wet by August. As September approached, disease pressure was high and getting higher throughout the harvest. Careful attention was needed in the vineyard and in the cellar to ensure high quality.

Harvest dates

October 6, 2021

Vineyard:

Martini Family Vineyards

Winemaking Notes: The fruit was handpicked and then optically sorted to ensure the highest quality. The fruit was fermented in stainless steel tank with daily pumpers to help extract color and flavor. Aged in oak for 7 months. The Brix levels of the harvested fruit was lower than average yet the ripeness was correct for the vintage. The resulting wine is lower in alcohol and very refreshing.

Bottling date: July 29 2022

Tasting Notes: Aromas and flavors of cherry, smoke, blood orange, raspberry and spice.

Tech Data

BRIX AT HARVEST	17 Brix
RESIDUAL SUGAR	2 g/L
PH	3.8
TOTAL ACID	5 g/L
ALCOHOL	10.1 %
CASES PRODUCED	70
