2021

The 2021 growing season started with a mild Winter that turned into a warm Spring. Bud break and bloom were earlier than the previous year by at least two weeks. Early Summer was warm and dry with conditions changing to warm and wet by August. As September approached, disease pressure was high and getting higher throughout the harvest. Careful attention was needed in the vineyard and in the cellar to ensure high quality..

Harvest dates: October 27, 2021

Vineyard: Martini Family Vineyards

Winemaking Notes: The fruit was machine picked, crushed and de-stemmed into stainless steel tank and fermentation bins for fermentation. There was a chaptalization to raise the potential alcohol and create some enhanced body and structure to the resulting wine. The wine went through a malolactic fermentation before being racked into barrels for aging. The wine spent about 16 months aging in barrels before being readied for bottling

Bottling date: August 11, 2023

Tasting Notes: Aromas and flavors of cherry, pomegranate, pepper, herb, incense and baking spice.

Past Vintages:
92 pts - James Suckling

Tech Data

| | |
|-----------------|----------|
| BRIX AT HARVEST | 17 Brix |
| RESIDUAL SUGAR | 3.0 g/L |
| PH | 3.43 |
| TOTAL ACID | 5.25 g/L |
