ROSÉ of CABERNET FRANC

2023

The 2023 growing season was off to an early start with a warm spring. Bud break was early and this proved to be an issue as a late freeze on the evening of May 17th killed many primary buds around the region. In our vineyard there was damage to our Martini Vineyard Lemberger and Chardonnay vines. Late spring to early summer was cool and wet and then things warmed up in July and into early August until the weather cooled again. It was around this time that wildfire smoke from Canada blanketed the area. Heading into the harvest the acidities in the grapes were still high and the brix were in need of a climb. In late September into early October we had a week of sunshine with temperatures in the 80's. This helped all varieties fully ripen and the resulting wines are of a high and concentrated quality.

Harvest dates

October 13 (Martini Vineyards) & October 20 (Nutt Road)

Vineyard:

Martini Family Vineyard and Nutt Road Vineyard

Winemaking Notes: Fruit was machine harvested and then went direct to press without extended skin soaking. Usually there is a period of 4-12 hours of skin contact, but this year that process was skipped to minimize color extraction and maximize fruit intensity.

Bottling date: March 1, 2024

Tasting Notes: Aromas and flavors of cherry, raspberry, watermelon, fresh herbs and tangerine.

Tech Data

BRIX AT HARVEST	22 Brix
RESIDUAL SUGAR	3 g/L
PH	3.29
TOTAL ACID	6.7 g/L
ALCOHOL	13.4%
CASES PRODUCED	1250
